WHEN YOU KNOW
THE DIFFERENCE

SIDESHOTS FOR SPORTSTER®

Not just your traditional 2-into-2 pipe... Sideshots by Vance & Hines: your 2-into-2 with a twist of style and power. Massive full-length 2 1/2" diameter full coverage heat shields make this system virtually blue-proof for long lasting style. The Vance & Hines Power Chamber combines the performance advantages of a 2-into-1 race system with the sleek look of the 2-into-2 Sideshots. Twin slash cut ends finish off the look. Baffles, mounting hardware, and instructions are included for a hassle-free, perfect fit every time. Optional quiet baffles available.

Part number 26011 for Sportster 04-05

STRAIGHTSHOTS HS FOR DYNA

Now virtually blue-proof, the new Straightshots HS give you the great look and sound you've grown to love from Vance & Hines. There is no question about it, with 2 1/2" diameter, full-coverage heat shields to virtually eliminate bluing, the new Straightshots HS deliver great looks with long lasting style. But looks aren't everything, we know it has to perform. Our racing heritage combined with countless hours of testing and tuning bring you increased performance and a traditional hot rod sound to set this system apart from the crowd. Baffles, mounting hardware, and instructions are included for a hassle-free, perfect fit every time. Optional quiet baffles available.

Part number 16817 for Dyna 91-05

STEPPED DRAG PIPE FOR DYNA

Only the company that has been racing motorcycles and winning for over 25 years can bring you this quality craftsmanship and racing heritage. Free-flowing horsepower never looked or sounded so good. The Vance & Hines winning tradition continues with the proprietary bends and steps for increased horsepower and torque. Full coverage chromed heat shields virtually eliminate bluing on these 3" mufflers and stepped headpipes and keep the show quality look for years to come. Finish off the look with Vance & Hines' signature billet end tips. Baffles, mounting hardware, and instructions are included for a hassle-free, perfect fit every time. Optional quiet baffles available. Part number 17529 for Dyna 91-05

BIG RADIUS FOR DYNA

You could pay twice as much for another system without baffles or heat shields...but why? Big Radius feature beautifully curved, 2 1/2" full coverage heat shields that make this system uniquely stylish while remaining virtually blue-proof. With its endless curves you will get a second glance whether you ride a full custom or stock bike. The extra horsepower and torque give the signature Vance & Hines hot rod sound an even bigger bite. Finished off with artistically scalloped end tips, all drenched in show-quality chrome for unmatched style and performance. Skillfully curved baffles, mounting hardware and instructions are included for a hassle-free, perfect fit every time.

Part number 26007 for Dyna 91-05

WHEN YOU KNOW
THE DIFFERENCE

YOU ARE A GENIUS!

You've customized your bike. Maybe you've added forward controls, maybe brakes, but of course you have the ultimate aftermarket exhaust system. Now, to get maximum performance, you need to customize your fuel mixture.

The question is, which fuel management system do you buy? There are quite a few options, and it's a tough decision, so we'll make it easy for you. Introducing the most effective, simple to use, fuel management system on the market: The Fuelpak by Vance & Hines.

Unlike other systems on the market, you don't need a computer or mechanic. The installation is as easy as 1-2-3, and in no time, you'll be back on the road with the perfect fuel mixture. Simply plug it in, and with the touch of a finger, punch in the corresponding numbers for your exhaust system. The result of this perfect fuel mixture: increased power and improved throttle response... as only Vance & Hines can deliver.

It's never been easier to map a fuel-injected motorcycle without spending time in the shop or in front of a computer. No more guesswork, perfect fuel delivery. The Fuelpak by Vance & Hines leaves you feeling... well, like a genius.
